Sent: 22 September 2026, 09:16 ACST
Subject: Supporting material for proposed paid junior coaching work
Attachment register: SYN-PENDING-CJH; forwarding permission recorded

Dear Mr Hartigan,

The Association lodged an employer application with your authority on 21 September. Please send the supporting material listed below for that application and retain your signed form for comparison. This request for additional information is made under section 188(3). It concerns the information needed for assessment; this email does not communicate a clearance decision.

Please provide a personal account of the events recorded in your police history, the relevant court result, evidence about completion of the sentence, and any material you want considered about your circumstances since then. For any protective order, include the order and the police account if you have it. Program reports should identify the provider and the attendance period. We can receive records separately from their issuing service with your consent.

Please supply identity copies that show both names you have used. Complete all residential address fields for the five-year period ending on the application date, using a continuation sheet if necessary. Provide contact details for people who can explain what they have personally observed, including how they know you and for how long. Letters about work should identify the duties actually performed.

Files should be readable and retain their page order. Please do not crop the issue dates or the reverse of a card. Keep original documents available in case intake needs to compare a copy. A payment receipt is separate from proof of identity. If an attachment is unavailable, identify it in the return email and explain who holds it.

If you have already sent something through the Association, identify its filename rather than sending several copies. Intake telephone: 08 7000 0xxx. This training correspondence uses invalid contact details and cannot be used to contact an actual office.

Regards,
Screening Intake Officer

Subject: SYN-PENDING-CJH - consolidated attachments

Prepared by: Lena Corbett, Association administration coordinator

Please find the applicant material received by our office attached in the order shown in our transfer list. Mr Hartigan signed the employer application and police release on 21 September. The records came from several senders and have been printed without correcting dates or addresses appearing on the originals. The file assembly date is 4 October 2026.

Transfer list:

Candidate application; personal statement; certified identity-copy bundle; national police history; New Zealand disclosure; Local Court remarks; bond completion advice; former employer personnel extract; police domestic incident extract; protective order; program certificate; facilitator exit report; five individual references; Association engagement and exemption papers; club incident register; three monthly bank statements; Katherine tenancy account; current employer letter; traffic extract.

Mr Hartigan supplied the personal statement himself. The club sent its incident register directly to this office. The program supplied two separate documents. The police extract was received through the candidate's authorised release. We have retained the separate signatures and have not asked a referee to amend their wording. Copies of the underlying source emails are retained in our administrative mailbox; they add no incident account to this printed file.

The bank has reissued historical statements following the candidate's own request. Each reissued statement retains the mailing address from its statement period. We enclosed those statements because Mr Hartigan included them with his residential paperwork. We have not substituted current address details into older rows.

The Association's limited pending-application exemption papers are included with its letter. That arrangement relates to this engagement and remains subject to its stated period and safeguards. Our submission seeks a clearance decision from the Screening Authority and does not purport to make that decision for it.

Please address administrative requests to recruitment@tejfa.example.invalid, identifying the attachment title. Our contact number is 08 7000 0xxx. This correspondence and all attached records are fictional training material; no address, signature or contact identifier is supplied for verification in a real system.

Lena Corbett

Administration coordinator
