

TOP END JUNIOR FOOTBALL ASSOCIATION - FICTIONAL ASSOCIATION

30 September 2026

To: Screening Authority

From: Lena Corbett, administration coordinator

Re: proposed paid appointment of Callum James Hartigan

Association reference: INVALID-TEJFA-CJH-2026

Contact: recruitment@tejfa.example.invalid; telephone 08 7000 0xxx

We propose to engage Mr Hartigan as a paid part-time assistant coach of our under-12 teams. The proposed start is 12 October 2026. The offer is subject to the screening process and to the pending-application arrangement described in this file. He is not offered an independent head-coach appointment. He will continue his warehouse job and work approximately six paid hours weekly with us, including preparation.

The Association applied for an exemption under s187(4)-(5), and the CEO granted it for this candidate and this employer while the clearance application remains undecided.

The exemption period specified is 29 September to 30 November 2026. The separate grant transcription is reproduced later in this employer document. Our approved-form request and additional roster response preceded the grant. We understand that an outstanding application and an unexpired specified period are both necessary for that arrangement.

The engagement involves children, not merely equipment away from them. Mr Hartigan will demonstrate drills and speak directly to under-12 participants. Our safeguards therefore apply whenever children are present, including arrival and collection. He is never to be the only adult with a child, even for a short interval while someone fetches equipment.

We are aware of the disclosed assault, yard warning and domestic order. Our role is to state the work and maintain safeguards, not to resolve differences between source accounts. The offer letter must not be read as an assessment that a criminal conviction is irrelevant. The head coach can remove an assistant from a session and report a concern through our ordinary incident route.

The enclosed plan names the supervision responsibilities, roster arrangements and cancellation rule. No current clearance notice has been issued for this application. We will respond to further requests about the engagement and will act on the screening decision when notified.

EXEMPTION REQUEST - APPROVED-FORM FIELD TRANSCRIPTION

Request lodged: 23 September 2026.

Employer: Top End Junior Football Association.

Candidate: Callum James Hartigan; born 17 August 1994.

Clearance application lodged: 21 September 2026; decision outstanding.

Requested period: 29 September to 30 November 2026.

Requested engagement: paid part-time assistant, under-12 teams.

Proposed practical start: 12 October 2026.

Employer representative: Lena Corbett.

Safeguard fields supplied: named head coach physically present; no solitary supervision; no transport of children by candidate; no access to children's private messaging; two-adult arrival and collection arrangements; head coach responsible for injuries and parent discussions; candidate removed from roster if supervisor unavailable. We attached the role description and the supervision roster rather than describing the job as equipment-only.

Employer reasons: vacancy in assistant roster; head coach already appointed; candidate has prior supervised junior-club experience; no immediate need for independent sessions. We do not seek a waiver of the clearance assessment itself. We request only a specified pending-application period for the named employer and candidate.

Additional information requested by CEO office: names and current clearance-status checks for head-coach cover; arrangements for late collection; procedure when a coach is ill; candidate's access to association systems. Request received 24 September; response sent 26 September. Details are transcribed on the next page. The grant followed that response.

Declaration by employer: the duties and safeguards are accurately described; the association will stop the pending arrangement if the application is decided or the specified period expires. A supervision roster does not extend the period automatically. If the candidate cannot work within it, the association will use another authorised assistant or cancel the assignment.

Candidate acknowledgment: I agree to the arrangement and understand that it is employer-specific. Signature transcription: Callum J Hartigan, 23 September 2026. Employer signature: Lena Corbett. This is a fictional form transcription; no authentic approved-form logo, authority signature image or real application number is reproduced. The invalid identifiers link only records inside this test fixture.

RESPONSE TO CEO OFFICE - ADDITIONAL ENGAGEMENT INFORMATION
Sent: 26 September 2026.
To: CEO exemption administration, fictional case.
From: Lena Corbett.
Reference: INVALID-EX-TEJFA-CJH.

Named head coach: Tessa Wren; deputy cover: Ellis Marr, fictional adult coach. Our personnel checks record current head-coach and deputy notices for the proposed period using invalid exercise identifiers. Those records concern the supervisors and are not evidence of a clearance for Mr Hartigan. Copies of their actual credentials are not included because no real credentials exist in this fixture.

Physical cover: a head coach will be at the same training area as Mr Hartigan, with an unobstructed view of his drill group. Being contactable by phone is not our definition of supervision. If the coach must leave the area, Mr Hartigan's drill stops and children return to the coach-managed group. Another cleared adult attends collection, and Mr Hartigan never remains alone with a child awaiting a parent.

Roster contingency: if the named head coach and deputy are both unavailable, the assistant session assignment is cancelled. A parent's presence does not substitute for the nominated supervisor. The candidate cannot switch to another venue or age group informally. Any proposed material change must be raised with administration before it occurs.

Digital access: candidate can read the team schedule and equipment list, but cannot export children's private contacts. Messages to parents go through the head coach or administration. No direct one-to-one child chat is authorised. Device access at the venue uses an invalid test roster login; no real password or account token appears in this file.

Transport and amenities: candidate must not transport children; changing areas remain under head-coach procedure; equipment retrieval does not include taking a child into a storage room alone. The head coach handles injury contact and parent complaints. Mr Hartigan may fetch supplies under direction while another authorised adult remains responsible for children.

The safeguards are written into the engagement offer and explained at induction. The association will record attendance of both assistant and supervisor on each session sheet. We supplied this response before the CEO specified the exemption period. Signed: Lena Corbett. Contact: recruitment@tejfa.example.invalid; 08 7000 0xxx.

CEO EXEMPTION GRANT - TRANSCRIPTION INCLUDED IN EMPLOYER FILE

Date specified: 29 September 2026.

Authority reference: INVALID-CEO-EX-CJH-2026.

Candidate: Callum James Hartigan, born 17 August 1994.

Employer: Top End Junior Football Association.

Basis: clearance application pending; employer exemption request and additional information received.

Provision cited: Care and Protection of Children Act 2007, s187(4)-(5).

The CEO specifies an exemption period from 29 September 2026 to 30 November 2026 for the named candidate and employer in the described assistant-coach engagement while the clearance application remains undecided.

This simulated grant is employer-specific. It does not cover private coaching, another club, independent head-coach work or transport arrangements outside the supplied plan. The assessment of the clearance application remains with the Screening Authority. This is an exemption-period record, not a clearance notice.

The employer's described practice includes continuous head-coach presence and a prohibition on the candidate being alone with children. The grant is made having regard to the circumstances described in the request and the additional response. The employer and candidate are advised to retain the supervision plan and roster records so that the arrangement actually followed can be checked.

If a clearance decision is made before 30 November, the pending-application basis no longer applies. If the specified period ends while a decision is still outstanding, the engagement must not continue under this period merely because another roster has been printed. No extension is recorded on this grant. An extension would require a separate CEO specification.

Administrative delivery: applicant employer copy sent to recruitment@tejfa.example.invalid; candidate copy sent to callum.hartigan@example.invalid; screening file informed of specified period. Authority signatory: fictional CEO Mara Quill. Signature field is text-only. No real executive, official signature, secure seal or live document number is represented.

This page reproduces the case grant terms in original document style without copying statutory paragraphs. The validity of the grant in the fictional chronology depends on the stated application status and dates. The association's offer begins later than the period's opening date. No work before the proposed start is authorised or certified by an attendance record here.

SUPERVISION PLAN - ACKNOWLEDGED BY CANDIDATE

Plan date: 30 September 2026. Effective for proposed start: 12 October.

Candidate: Callum James Hartigan. Responsible head coach: Tessa Wren.

Callum must never be alone with children, and a head coach must be physically present whenever he assists a session. That rule covers preparation while children arrive, drills, match breaks, equipment pack-up and late collection. If the head coach is absent or leaves, Callum stops child-facing work and waits in an adult-only area until authorised cover is restored. He cannot take responsibility based on a promise that the coach will return soon.

Before session: head coach checks assistant roster, opens equipment storage and admits participants. Callum lays out cones in view of the head coach, checks ball pressures and reads the drill card. Parent questions about selection or behaviour are referred to the coach. Children who arrive before the coach wait under the club's authorised arrival process; Callum does not start an informal game with them.

During session: assistant follows the coach's drill instructions and uses ordinary coaching language. He does not impose punishment, take a child out of sight to discuss conduct or make private promises about places on a team. Injury and complaint reporting go immediately to the head coach. The coach may end the assistant assignment at any time and records the reason.

After session: head coach leads collection checks with another authorised adult. Callum packs equipment in view of supervision or after children have left. No child receives a lift from Callum. No child is asked to help him alone in the shed. Lost-property queries are routed through administration.

Digital boundary: parent communications through club channels; no private messaging to children; no sharing of private contact lists; no photographs on a personal device. Breach of the plan is recorded and referred to administration rather than dealt with by an informal reminder alone.

Candidate acknowledgment: I have read the plan and will cancel my assignment if it cannot be followed. Signed: Callum J Hartigan, 30 September 2026. Head coach acknowledgment: Tessa Wren. Administration acknowledgment: Lena Corbett. All signatures fictional.

INDUCTION AND INITIAL ROSTER - ADMINISTRATIVE ATTACHMENT

Prepared: 1 October 2026.

Appointment identifier: INVALID-ASSIST-CJH.

Offer status: conditional; no session worked under this appointment at assembly date.

Hours: approximately six weekly, depending on fixtures.

Pay category: assistant session hours; no banking details retained here.

Initial planned roster:

12 October | adult induction only | Lena Corbett | paperwork and venue tour
13 October | under-12 training | Tessa Wren | setup and passing drill
15 October | under-12 training | Tessa Wren | warm-up and ball control
17 October | fixture support | Tessa Wren | equipment and group support
20 October | under-12 training | Tessa Wren | setup and short games
22 October | under-12 training | Ellis Marr | deputy cover, same boundaries
24 October | fixture support | Tessa Wren | coach-managed collection
27 October | under-12 training | Tessa Wren | routine assistant duties

Induction checklist: uniform size confirmed; warehouse shift conflict procedure explained; incident book location shown at tour; attendance sign-in procedure to be practised; cancellation message route provided; private messaging prohibition read; supervision rule initialled; invalid payroll identifiers not entered into real systems. No first session is recorded as completed on this planned roster.

Administrative note: the coach's printed name in a plan is not proof of attendance on a future day. Actual sign-in must record presence. The association does not permit retrospective initials to fill a supervision gap. A cancelled assistant assignment remains cancelled even if children attend with the head coach and another assistant.

Offer correspondence asks Mr Hartigan to report a warehouse overtime conflict as soon as he knows of it. His full-time employer is not responsible for arranging child supervision. Any new role or venue must be reviewed through the association rather than added to the roster by the candidate.

No permanent clearance outcome is entered in this employer file. The limited exemption and supervision papers explain the pending engagement. Assessment materials about the candidate's history remain separate. Prepared by Lena Corbett, fictional coordinator. Contact recruitment@tejfa.example.invalid; 08 7000 0xxx. End of six-page employer engagement file.
